

Drum and Bass

This week we are focusing on Drum And Bass

- Drum and Bass is a type of music that was made in the UK a long time ago, in the 1990s. It's made by putting together different electronic sounds of drums and bass . This music is really fast and has a lot of energy, which makes people want to dance and move their bodies to the beat.
- The fast drumming and deep bass sounds make Drum and Bass music super exciting and fun to listen to. It became popular with young people, who would listen to it on special radio stations or in secret clubs. Over the years, the music has changed and become even more popular, with people all over the world enjoying it at parties and music festivals.
