

## Year 5 Week 11 challenges

Please share your learning with us on our Facebook and Twitter pages: we love seeing all the different things you are getting up to!

### *Maths*

Cost of Feeding me!

First you will need to record what you eat in a day. Then using an old shopping receipt or supermarket website – can you calculate how much your food items would have cost (REMEMBER if it is a packet of crisps from a multipack you will need to find out the cost of one first by dividing the total cost by the number of products inside). Then add up all the prices for the day.

Challenge: Can you calculate how much it cost to feed you for a week? Try comparing how much you cost to feed compared to another family member

### *English*

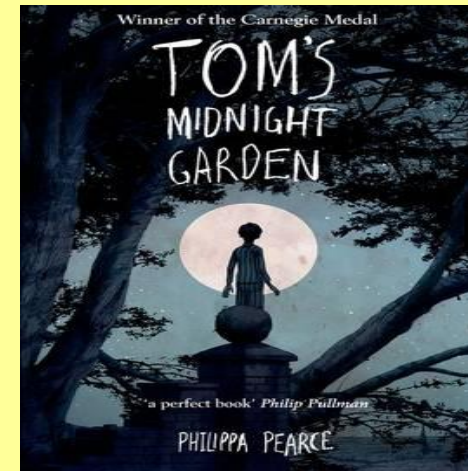

Children should only be allowed to watch TV for one hour a day.

Do you agree/disagree? Write a discussion for and against this statement. Remember to use balanced arguments and research to back up your points

### *Art*

Re-design the cover of Tom's Midnight garden.

Once you have done this could you redesign the cover of a book you are currently reading.
