

Rap

This week we are focusing on rap

Rapping is a form of singing. It is a mix between singing and talking. The words are spoken with rhythm and in the text there are rhymes. African-Americans made rhyming games based on rap. The beat in the background is a simple loop that is sometimes made by the rapper themselves or sometimes copied from a sample CD

Some common rap instruments include:

DJ decks

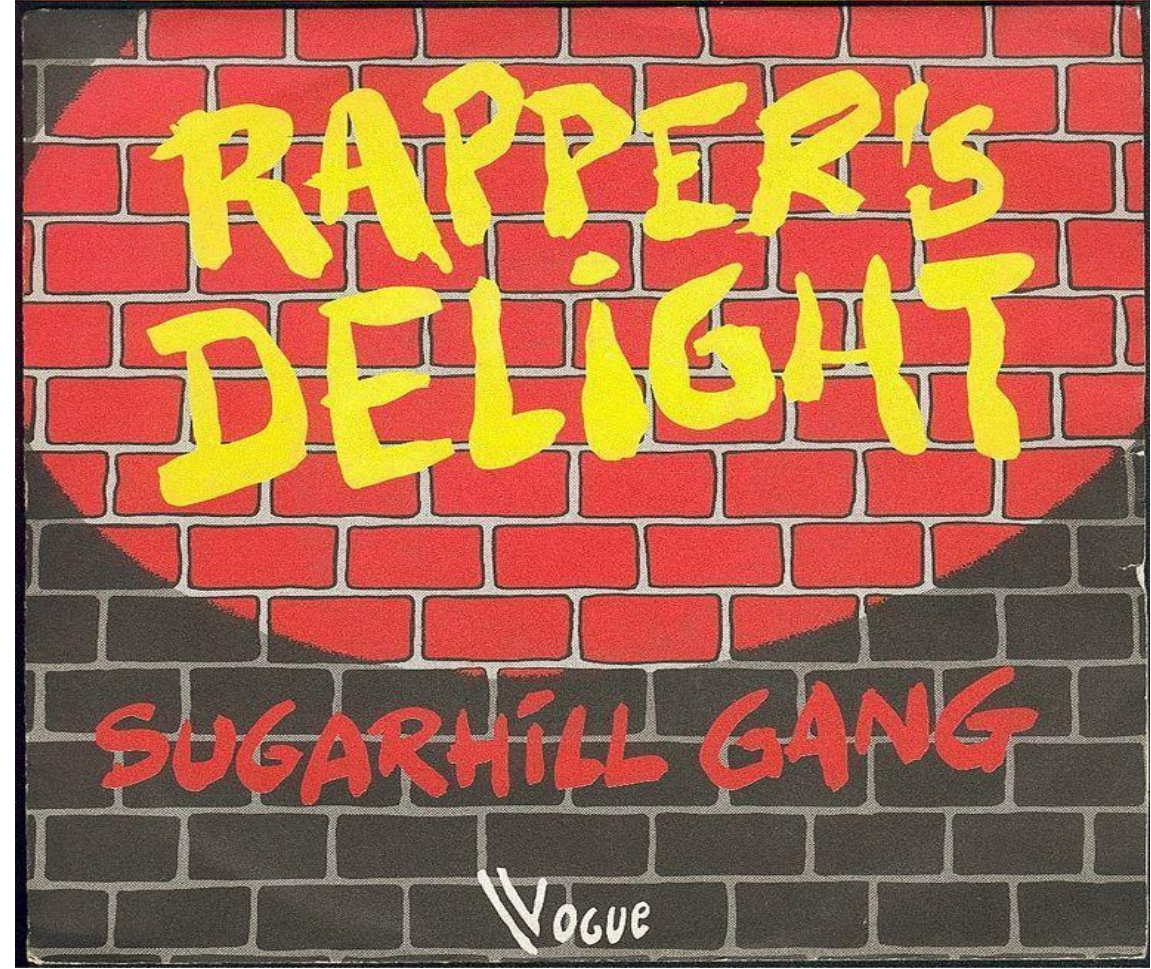

drum machine

microphone

Day one: Rapper's Delight – Sugarhill Gang
